PROFESSIONAL SUMMARY

Frontend developer and AI enthusiast with experience building responsive web applications using Reactjs, Javascript etc and modern frontend tools. Passionate about developing scalable applications, solving real-world problems and creating intuitive user experience. Currently developing full stack and AI development skill through the Turing Tech Program in partnership with Enugu State ESME.

WORK EXPERIENCE

SAMBA RESEARCH INSTITUTE, Enugu | 2022 – 2023 *Frontend Developer Intern*

- Assisted in developing and debugging internal web tools using Javascript, Reactjs, Nextjs etc.
- Collaborated with team on UI improvement for better user experience.
- Worked with modern frontend tools and version control system while contributing to real world projects.

APTECH COMPUTER EDUCATION | 2023 – 2025 *Frontend Tutor*

- Taught students web application technologies including html, CSS, Javascript, Tailwindcss etc through practical and project based learning.
- Prepared lesson materials, coding exercises and real world projects to improve students programming skills.
- Mentored student on debugging techniques, responsive design.

FRONTEND DEVELOPER (FREELANCER) | Present

- Designed and developed a scalable and responsive web application to clients.
- Offered tech support system to clients and organisations.

PROJECTS

Ecommerce Website (<https://e-commerce-nextjs-mu-five.vercel.app>)

- Developed modern and responsive e-commerce store using Nextjs, Supabase and Tailwindcss.
- Implemented Product Listing, shopping cart, etc.
- Integrated with Supabase free tier for real time product fetching which may require reactivation for live database operations during review.

Netflix Clone (<https://netflix-clone-3ovg.vercel.app>)

- Cloned Netflix website using Reactjs, Firebase for authentication and TMDB API.
- Integrated The Movie Database (TMDB). API to dynamically fetch and display trending movies.
- Strengthened practical frontend architecture and real world API integration workflow.

Portfolio Website

<https://my-portfolio-htot.vercel.app>

- Developed a clean and modern portfolio website using Reactjs.
- Responsive design showcasing my works and projects.
- Highlights my skills, experience and selected projects.
